15th June 2023

From the Principal's Desk

A classic tale of no matter how painful, always tell the truth.

At a university, there were four students studying Science. They did so well on all the quizzes, midterms and labs that each had an "A" so far for the semester. These friends were so confident that the weekend before their final exam, they decided to go out of town. They had a great time. However, after all the partying they slept all day Sunday and didn't make it back to campus until early Monday morning.

Rather than take the final exam which was worth 100 marks then, they decided to find their professor after the final and explain to him why they missed it.

They explained that they had gone out of town for the weekend with the plan to return to study. Unfortunately, they had a flat tyre on the way back, didn't have a spare, and couldn't get help. As a result, they missed the final exam.

The professor thought it over and then agreed they could make up the final the following day. The students were elated and relieved. They studied that night and went in the next day at the time the professor had told them. He placed them in separate rooms and handed each of them a test booklet and told them to begin.

They opened their exam booklets to discover a single question for 100 marks.

Which tyre?

Reading this story always reminds me of report cards.

On Tuesday 20th June, your child / children will receive their Semester One report card/s, through Parent Lounge.

Your child's report is a written record of their demonstrations of learning. It represents a summary of progress based on judgements made by the class teacher from formal testing, work samples, regular consultation and observation.

This written report provides just one means of communicating your child's faith, intellectual, social, emotional and physical development at school. It is important that we as parents/carers discuss our child's report card with them.

To accommodate the developmental learning needs of young children, achievement in Prep is assessed against different six point achievement codes to those in Years 1-6. These are explained in much more detail on the report card and later in this newsletter by our APC, Mrs Lisa List.

The children's progress in regard to their social and application skills are also assessed and this is another important aspect of our children's development. This looks at how they work in class, complete classroom tasks, follow directions, accept responsibility and interact with their peers.

Parent/teacher interviews were held at the beginning of this term however if upon receiving your child's report card, our teachers are always happy for you to arrange a time to meet with them.

I thank our teachers for their time, effort and professionalism in writing their children's reports. They provide families with a comprehensive overview of each child's progress.

Take care

Max Martin

From Our APRE

The devotion to the Sacred Heart of Jesus is a widely observed practice in the Catholic faith. The heart of Jesus is regarded as a symbol representing God's immeasurable love for humanity.

The annual celebration of the Sacred Heart of Jesus takes place on the third Friday following Pentecost, which falls on July 16th this year. This occasion serves as a reminder of the profound depth of God's love for each individual.

At Sacred Heart School, we are a community with Jesus at the centre, striving to embody love in all that we do. We offer our prayers so that God's love may permeate our hearts and minds, enabling us to share that love with others.

During this week of celebrating Sacred Heart Day, we contemplate the love of Christ, recognising that Jesus loves us unconditionally. Let us open our hearts today, allowing them to be filled with love.

What does the Sacred Heart image represent?

The crown of thorns represents the crown of thorns that were placed on Jesus' head.

The Wound at the lower side of the heart reminds us of when Jesus' side was pierced with a sword. It reminds us how he gave His life for us.

The Flames. A number of flames are usually shown above the heart, centre of the heart, and they represent the warmth of Jesus' love.

The Cross. This represents Jesus dying on the cross for us.

The Rays of Light. The light radiating from Jesus' heart tells us that Jesus is light and that it is lighting the way for us to keep our flame burning brightly

What can you do to keep your flame burning brightly?

God bless

Melissa Collins

From Our APC

Report cards will be available this Tuesday after 4pm, via Parent lounge.

If you cannot access to this site, contact Mrs Kirkman in the office and she will help with your login details.

A reminder that there have been some changes relating to subjects and grading this semester.

Reporting is an A-E standard for Years 1 to 6, with a three-point scale for effort and attitude marks across all year levels and learning areas.

The three-point scale is Commendable, Satisfactory and Needs Improvement.

Our Prep reports have the following 5-point scale for grades:

- Becoming Aware (BA)
- Exploring (E)
- Working With (WW)
- Making Connections (MC)
- Applying (AP)

Prep

Applying (AP)	The student applies the curriculum content and demonstrates a thorough understanding of the required knowledge. The student demonstrates a high level of skill that can be transferred to new situations.
Making Connections (MC)	The student makes connections using the curriculum content and demonstrates a clear understanding of the required knowledge. The student applies a high level of skill in situations familiar to them and is beginning to transfer skills to new situations.
Working With (WW)	The student can work with the curriculum content and demonstrates an understanding of the required knowledge. The student applies skills in situations familiar to them.
Exploring (EX)	The student is exploring the curriculum content and demonstrates a basic understanding of some aspects of the required knowledge. The student can apply some skills in situations that are familiar to them.
Becoming Aware (BA)	The student is becoming aware of the curriculum content and demonstrates a limited understanding of some aspects of the required knowledge. The student is beginning to use some skills in situations that are familiar to them.

Years 1-6

A	Evidence in a student's work typically demonstrates a very high level of knowledge and understanding of the content (facts, concepts and procedures) and application of skills
B	Evidence in a student's work typically demonstrates a high level of knowledge and understanding of the content (facts, concepts and procedures) and application of skills
C	Evidence in a student's work typically demonstrates a sound level of knowledge and understanding of the content (facts, concepts and procedures) and application of skills
D	Evidence in a student's work typically demonstrates a limited level of knowledge and understanding of the content (facts, concepts and procedures) and application of skills
E	Evidence in a student's work typically demonstrates a very limited level of knowledge and understanding of the content (facts, concepts and procedures) and application of skills

Other changes include, reporting for Technology being split into Digital Technology and Design Technology, and the Arts by the subjects of Music, Dance, Drama, Visual Art and Media Art for the subjects studied in a particular semester.

Footsteps Dance Videos

Videos from the Footsteps Dance concert are now available for viewing via Parent lounge.

There is a link for each grade, showcasing the dance mashup. Many thanks go to Mr Rendell for the time and effort in filming, editing and sharing these with the Sacred Heart Community.

Have a wonderful week

Mrs Lisa List

Lantern Awards

Jake Jansen Year 6 Courage - For stepping in at the last minute to run a Peer group, on his own. Well done.

Student Awards

Congratulations to the following children.

Prep	Koral Fleming, Sebastian Suttle, Lydia Hoadley-Irving, Grayson Edwards, Harrison Mcphail, Henry Poole

Monday 24th - Catholic Education Week commences.
Friday 28th - Whole school assembly 8.40am. Year 1R is presenting.

Capricorn Coast Catholic Parish

Here is the Sacred Heart Church bulletin for this week. Stay connected and enjoy. [Link to Bulletin](#)

Prep Excursion

Last week, our Preps, their teachers and teacher assistants ventured to Cooberrie Park for a day excursion.

There they encountered and fed Australian wildlife and had a brief look at the new mega fauna display.

A great day was had by all.

Sacred Heart Day

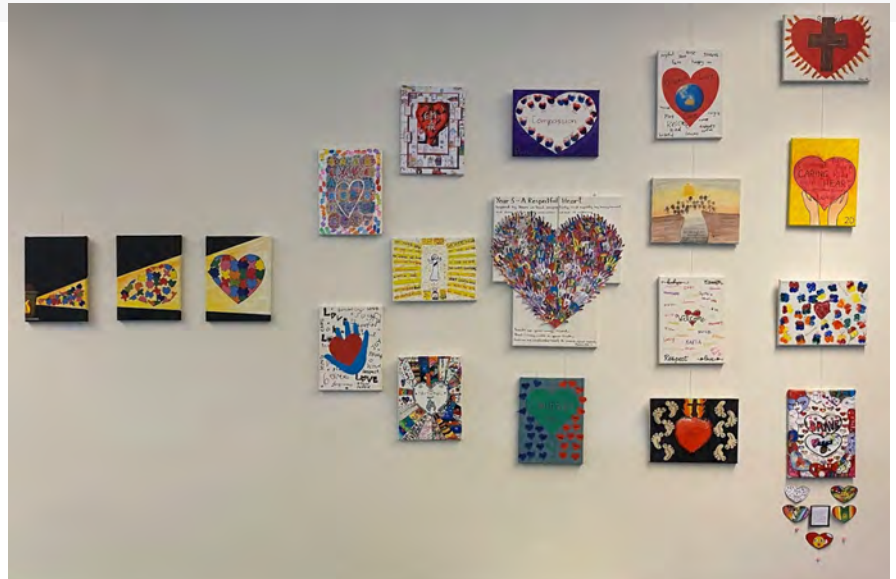

Today, we marked the celebration of Sacred Heart Day. The festivities commenced with Mass, led by Year 6B.

We then engaged in Peer Support activities in our Heart groups, delving into the significance of the Sacred Heart symbol. We also revisited our History Walk, reflecting on its lessons, and put our learnings into practice, ensuring that the flame within our hearts continues to burn brightly.

Then the entire school made its way to the beach, building sand castles and enjoying the company of fellow students.

The day reached its conclusion with a talent quest.

In our library, you'll find artwork created by all our classes, symbolising our "Lantern Award" and embodying the virtues of Courage, Justice, and Compassion.

Yeppoon Show School Display

Thank you to Mrs Seymour, our classroom teachers and their children for contributing to our Yeppoon Show display.

The theme was 'Water' and a myriad of children's work was displayed.

Year 4 - Class Set of Stylus

Students are viewing a Google Earth time-lapse video of the impacts of humans on various environments. As they are observing and making connections, they are using the interactive SeeSaw program and our new Stylus' to sketch and describe what they see.

Prep to Year 3 Athletics Carnivals

Mini Vinnies Winter Appeal

Mini Vinnies have been busy with the St Vincent De Paul 'Winter Appeal'. We are accepting donations of clean warm items - blankets, doonas, shawls, scarves, coats, beanies

You may drop these items to school or to St Vincent de Paul.

On Thursday 22nd June, students are asked to donate any loose change to school for this winter appeal. Classes will come to our multi-purpose area on this day to lay out their coins.

Thank you for your support, it is greatly appreciated.

Sacred Heart Breakfast Club

Next Thursday 22nd will see our second Breakfast Club at Sacred Heart.

It will commence at 7.55am until 8.20am in our multi-purpose area. There is no cost involved.

The following will be available for breakfast: toast, butter, Vegemite, honey, jam and fruit.

There will be gluten free toast etc available.

All preparation and serving will be done by adults, out of our tuckshop.

There is an invitation is extended to all our children.

Tuckshop - Week 1 Term 3

There will be no tuckshop available in Week One of Term 3. Thank you.

Deadly Day Out Experience

This week, Year 6s, Korbin Mitchel and Spencer Toby joined other students from the diocese to attend Deadly Day Out.

This experience held at the Dreamtime Cultural Centre saw students learnt about indigenous history, play traditional games, and discuss indigenous art. The students met elders; Aunty Gill and Aunty Dell who told stories about their upbringing.

It was inspiring to hear the Aunties talk about what adversities they'd overcome to have rights that many of us take for granted. As we move towards reconciliation between indigenous and non-indigenous peoples, learning the full history of who we are as a country is vital.

We learnt about the traditional symbolism in rock paintings; how to play the game; 'Eadore' and made friends with other students.

A special thanks to Mrs Semple for organising this event.

Prep Enrolments 2024

Our 2024 Prep enrolments are now open.

You can complete the online enrolment application [HERE](#) or for further information about enrolling your child, contact our office on 4994 8215.

Thank you.

Eat Alley
COMMUNITY GARDEN
Working Bee

The Livingstone Youth Action Group are building a new community garden 'Eat Alley'. We invite you along to get your hands dirty and to help us in learning how to:

- Construct and set up a raised garden bed - Workshop by Bunnings
- Maximise garden health through composting - Workshop by Landcare
- Use companion planting - Workshop by Jack's Paddock

Monday 26 June 2023
11am - 3pm
Community Centre Precinct
80 John St Yeppoon

Working Bee is suitable for high school aged young people, and their families, who are interested in gardening and growing their own produce.

Limited spaces available.
Bookings are essential for all attendees who will participate in the garden set up.
 Register your spot here - [livingstoneshire.eventbrite.com.au](https://www.livingstoneshire.eventbrite.com.au)

Participants will need:
 water | enclosed shoes | suitable clothing
 motivation to learn | a smile

lunch & shovels provided

'Eat Alley' Community Garden is a Livingstone Youth Action Group project.
 Thank you to the below supporters of this youth led community project!
